

Full Bleed Size

The diagram shows a vertical rectangular layout with three nested boundaries. The outermost boundary is a solid red line. Inside it is a solid orange line. The innermost boundary is a dashed green line. Three labels with colored boxes and lines point to these boundaries: 'Full Bleed Size' (red) points to the red line, 'Document Trim Size' (orange) points to the orange line, and 'Safety Area' (green) points to the green dashed line.
